

Dhanamanjuri College of Teacher Education Imphal, Manipur.

STRATEGIC PLAN 2020-2021 FOR DMCTE

About us

Dhanamanjuri College of Teacher Education (DMCTE) was established in the year 1972 as the only Government teacher training college of the state with the sole objectives of providing continuous quality Teacher Education in the state.

At present the college is delivering its service excellently well with a student intake of 150 B.Ed. student teachers and 50 M.Ed. student teachers as permitted by NCTE.

Vision

“The vision of D.M. College of Teacher Education, Imphal has a vision of imparting quality based research and training of teachers in the dimensions of curriculum planning and designing pedagogy and evaluation blending with the promotion of social values, human and environmental awareness through systematic strategies in both theory and practice for enabling them to train students for a welfare stack.”

Mission

1. To attain higher levels of Academic Excellence, Access, and Equity in the areas of teacher education by providing various productive, value based and quality oriented teacher education programmes to both the in-service teaching and pre-service would be teachers with greater efficiency, transparency, accountability and responsiveness.

2. To share in the development of a knowledge based society in this part of the nation by encouraging and promoting research activities, materials development and faculty improvement programme (FDP).
3. To educate, train, guide, and help teacher trainees in a more practical and logical fashion to develop various qualities and skills with an understanding of the aims and objectives of education in dealing with child's problem, towards teaching profession and broader outlook so as to excel in their profession.
4. To guide teacher trainees developed on insight into understanding of the relationships of child's life with the school work and of society with school and school organization for enabling them to face the challenges of the changing scenario of the 21st Century.
5. To train both the in-service school teachers as well as would be teachers to develop competency of teaching and professional consciousness with an understanding of the aims and objectives of education in the interest of the society, nation and the world at large.
6. To help teacher trainees make able to use various strategies of teaching-models, techniques, devices, methods, media, effective communications and evaluation techniques.
7. To encourage and promote research activities, innovation, material development and faculty improvement programmes.
8. To open other courses of study particularly Diploma in Early Childhood Education, Master of Philosophy (M.Phil.) in Education and Doctor of Philosophy (Ph.D.) Programme Education.
9. To upgrade the institution in multidisciplinary.
