

Dhanamanjuri College of Teacher Education Imphal, Manipur.

POLICY DOCUMENT ON ENVIRONMENT AND ENERGY CONSERVATION

About us

Dhanamanjuri College of Teacher Education (DMCTE) was established in the year 1972 as the only Government teacher training college of the state with the sole objectives of providing continuous quality Teacher Education in the state.

At present the college is delivering its service excellently well with a student intake of 150 B.Ed. student teachers and 50 M.Ed. student teachers as permitted by NCTE.

Purpose

- ✓ To establish guidelines and practices for planning and implementation of energy conservation, waste management, water management and green initiatives.
 - ✓ To reduce the use of water and energy and support green house gas reduction goals.

OBcope.

- ✓ The policy is applicable to all the facilities, buildings, equipments and environment of DMCTE Campus.
- ✓ It is applicable to waste management and water management activities.

All the employees and student-teachers of DMCTE shall make every effort to reduce the amount of energy usage with lighting inside the campus.

- ✓ Turn off lights and fans when leaving the room.
- ✓ Unplug devices and appliances when not in use.
- ✓ Replacing incandescent lighting with energy efficient light bulb like light-emitting diode (LED)
 bulbs
- ✓ Installation of solar panels for the generation of alternate energy.
- ✓ Maximizing the use of natural light and turning off all non-essential lighting whenever possible.
- ✓ Computer power management software should be able to minimize the operation and consumption of electricity when computer are not in use.
- ✓ Computer purchased must have energy-saving features and should be enabling whenever in use.
- ✓ To take additional measures to continuously improve our energy consumption.

Every effort shall be made by all the employees and student-teachers of the college to adopt systematic waste management mechanism.

- ✓ DMCTE shall encourage cooperation, self-regulation and greater participation in solid waste management and promote waste management and action among the community.
- ✓ Solid waste shall be properly segregated as biodegradable, non-biodegradable, plastics and broken glass wares.
- ✓ DMCTE shall provide different waste bins for waste segregation.
- ✓ Collection of biodegradable waste will be done in compost bin or compost pit for making compost.
- ✓ Plastics waste shall be given to a plastic factory for recycling the waste.
- ✓ Disposables wastes shall be collected regularly by city garbage truck.

Faculty members and student-teachers of DMCTE shall make every effort to reduce the amount of water use.

- ✓ Minimize use of water in wash-rooms.
- ✓ Turn-off water taps whenever not in use.
- ✓ Maintenance of water-harvesting system in order to conserve water.
- ✓ Detected or suspected leakage or wastage shall be reported immediately to the concern authority for immediate action.

All the faculty members and student-teachers of DMCTE shall make every effort to improve the environment conditions:

✓ To undertake tree plantation drive.

- ✓ To celebrate all the important dates relating to environment such as World Earth Day, World Environment Day, and World Water Day etc.
- ✓ To train employees and students through our Eco Club Cell about green initiatives.
- ✓ To undergo cleanliness activities from time to time to keep the campus pollution free.
- ✓ To encourage use of bicycles or e-vehicles.

Rasponsibilities.

All the faculty members and student-teacher of DMCTE are responsible for:

- ✓ Complying with the policy.
- √ Take actions to conserve energy and water and reduce energy waste and water waste.
- ✓ Take responsibilities in spreading awareness to the community about water management, waste
 management, energy conservation and green initiatives.
- ✓ Recognizing that water management, waste management, energy conservation and green initiatives are important for protection of environment.

The policy will be communicated to the employees and student-teachers and will be made available to all the stake holders on the institutional websites. The Environment and Energy Policy, purpose and scope will be reviewed on a regular basis under the guidance of the Principal of the college.
